

Patent Application of David R. Hinds for "Wall Mounted  
Clothes Hamper and Sorter "continued  
Page 8 of 9

Claims: I claim:

1. A method for loading and storing laundry until its ready for laundering comprising:

mounting a hamper/sorter to a wall in any desired location in a building, said hamper/sorter having a mounting surface for attachment to a wall, having one or more adjustable front openings normally closed when mounted in desired location on said wall; loading and unloading desired amount of laundry through said adjustable front openings to be stored or to be loaded into a washing machine.

2. The method of claim 1 wherein said laundry hamper has one or more moveable front doors to allow a variable opening for loading and unloading laundry.
